

13TH EUROPEAN THERMOFORMING CONFERENCE 10 – 12 APRIL 2024 AMSTERDAM

Sponsor & Exhibitor Opportunities

Dear Industry Member,

We are delighted to announce our 13th conference is to be held in Amsterdam, Netherlands.

The European Thermoforming conferences have been serving the thermoforming industry for over 20 years and are now recognised as the most important industry events in Europe that also attract professionals from around the world.

Raise your industry profile to those that really matter - a captive audience of true industry professionals assembled on a global stage! Your sponsorship will bring excellent value and enable you to enjoy maximum impact at this highly prestigious biennial event.

The Benefits:

1. Sponsors will have the opportunity to give a **10-minute commercial presentation** in our program to an audience of industry professionals all eager to learn about your latest technical developments.
2. As a sponsor you will have the opportunity **to invite 5 of your customers** (thermoformers), max. 2 delegates per company, to the event and offer them a special (reduced to 600 EUR!) conference rate.
3. In supporting the conference through sponsorship you **obtain major recognition and exposure** to the attendees. Your company details appear not only on all the advertising medium leading up to the conference but also enjoy high profile positioning during the conference including instant rolling electronic displays.
4. Your company information and logo will be **posted on the ETD website**, with a direct link to your company website for a period of 1 year after the event. This potentially represents a significant return for a moderate investment.
5. The ETD will acknowledge your support to both the conference and your industry by **presenting a commemorative certificate** to your chosen representative at the Conference Sponsors' Dinner.

Additionally, you may wish to consider a **tabletop within the exhibition** area, but please be aware that these are limited in availability. To avoid disappointment, we would recommend, an early application be made!

Your sponsorship and tabletop exhibition application form is attached – please complete and forward to info@thermoforming-europe.org

May we take this opportunity to thank you in advance for supporting the efforts of all those involved in raising the profile of Thermoforming, we look forward to meeting with you in Amsterdam in 2024!

Michel Py
Chair, SPE European Thermoforming Division
